CAREER OBJECTIVE

Second-year B.Tech student in Computer Science & Engineering (Data Science) with a strong passion for Web Development, AI Applications, Automation, and Full-Stack Development. Built 5+ real-world web applications including live client projects. Seeking opportunities to gain practical experience and contribute to innovative, impactful products.

EDUCATION

- Malla Reddy Deemed to be University**
B.Tech – Computer Science & Engineering (Data Science)
2025 – 2029 (Expected) | 2nd Year

PROJECTS

- RB Educations Website** ■ Live
Completed client project — built a professional educational institution website with responsive UI, optimized UX, and full deployment. Delivered end-to-end for a real client.
- CalculatorVerse** ■ Live
Built a comprehensive multi-calculator platform featuring 20+ calculators across categories (math, finance, health, etc.) in one place. Focused on fast load times, clean UI, and ease of use.
- ReuseHub – Second-Hand Marketplace**
Developed a peer-to-peer second-hand goods marketplace enabling students to buy and sell used items. Features product listings, search, user profiles, and secure messaging.
- Career Insight AI**
AI-powered career guidance platform helping students explore career paths based on interests and skills, integrating OpenAI/Gemini APIs for personalized recommendations.
- Future Forge Flow**
Workflow-based AI automation platform concept with modern UI/UX design and automation-focused features for streamlining complex task pipelines.

ACHIEVEMENTS

- Built 5+ web applications, 3 deployed live
- Completed 3 real client projects
- Won 2nd Prize – Gen AI Hackathon (PRAESTO 2K26)
- Participated in 4 hackathons & codeathons
- Participated in NOVUS 24-Hr Hackathon, MRDU
- 40+ LinkedIn followers as a 2nd-year student
